

**ICREW NJ Member Maura E. Blau to Chair and Moderate  
New Jersey 2010: The Post-Copenhagen Forecast  
& How New Jersey is Shaping a Greener Economy**

**Program Presented by New Jersey Institute for Continuing Legal Education and the New Jersey  
Corporate Counsel Association**

**Tuesday, April 27, 2010**

**5:30 to 8:30 p.m.**

*at*

**Crowne Plaza Hotel, Edison, NJ**

Climate Change and the Green Economy are more than just headline catchphrases or concerns to be addressed at some future point in time. New Jersey's business and regulatory communities, and the lawyers, consultants and other professionals who advise them, are taking proactive steps now to understand the issues, identify the opportunities, and formulate strategic agendas for managing climate and sustainability-related matters – both today and in the coming years.

Recognizing this, the New Jersey Institute for Continuing Legal Education (NJICLE) and the New Jersey Corporate Counsel Association (NJCCA) have come together to co-sponsor **New Jersey 2010: The Post-Copenhagen Forecast & How New Jersey is Shaping a Greener Economy**.

ICREW NJ member Maura E. Blau of Farer Fersko will serve as chair and moderator of this important program. The seminar faculty – key players in New Jersey's legal, regulatory, corporate and energy sectors – are prepared to offer a broad range of viewpoints, critical perspectives, and a wealth of practical information. Additional information on this dinner program can be found on the [NJICLE](#) website.

Sharpen your professional toolbox and get ahead of the curve on Climate Change by registering to attend.
